Note: This challenge data reflects average minutes of physical activity (per participant) for organizations with a total employee size of 11-99 employees. **Organizations in this division must have 5 or more total employees registered and tracking – those who are who are “not yet ranked” have not been able to achieve these division participation requirements, however, their average minutes of physical activity are still calculated and all participants are still eligible for all individual prizes. As a reminder, the maximum minutes used to determine organizational averages is 120 minutes a day, per individual. Additional participants may join any time before the October 16th deadline.*

PARTICIPANTS ARE ENCOURAGED TO TRACK THEIR MINUTES OF PHYSICAL ACTIVITY REGULARLY. IT IS BEST IF MINUTES ARE LOGGED AT LEAST WEEKLY TO MAKE SURE THEY ARE INCLUDED IN THE CALCULATION OF WEEKLY BUSINESS DIVISION STANDINGS, WHICH WILL BE DISTRIBUTED EACH MONDAY.
